Summary: LATE FILED. On June 18, 2004, Catherine Boone, Vice President for Governmental & External Affairs of Covad Communications Company (Covad), met with Cmmr. Brown in San Francisco. Also present were representatives of AT&T Communications of California, Inc. and MCI, Inc. Boone discussed the devastating impact that increased loop rates will have on Covad. Boone also discussed the fact that all telecommunications industry network costs are decreasing. Boone explained that it is, therefore, unimaginable that SBC would receive an increase in these loop rates, from the interim rates, which are already too high. Further, Boone discussed the fact that the 80-year-old copper loop plant is literally one of the only UNEs to which CLECs continue to have access. Boone stated that SBC's desire to dramatically increase these rates is nothing more than an attempt to destroy UNE-L competition once and for all.

Summary: On June 21, 2004, John Leslie, attorney for the Border Generation Group (BGG), had a telephone conversation with Peter Hanson, advisor to Cmmr. Brown. A copy of BGG's comments filed on May 17, 2004, was emailed to Peter Hanson prior to the conversation. Leslie discussed the draft decision by Presiding Judge Malcolm. Leslie stated that according to San Diego Gas & Electric Company (SDG&E), in order for SDG&E to be able to place the Miguel-Mission transmission upgrade in-service by June 2006, the Commission must issue a final decision approving SDG&E's application, and must approve SDG&E's proposed project without alternation, at the July 8, 2004 meeting. Leslie requested an alternate draft decision that removes the condition recommended by the Presiding Judge, that SDG&E modify the project to include two 'undergrounding' alternatives. Leslie stated further that the Commission is not required to choose the project alternative that is deemed to be the 'environmentally superior

alternative' in the Environmental Impact Report. Leslie indicated that the lead agency is required to take into account economic impacts and other matters that go beyond environmental considerations. Leslie urged the Commission to adopt an alternate decision that approves the SDG&E project as proposed.
